Famar Lyon
member of **Benta Group**

On July 30, BENTA finalized the acquisition of FAMAR LYON

Implementation & restructuring of this site, and a Business plan consisting on main focal points :

- **Human Resource** : Maintaining the significant expertise of 117 skilled personnel + recruiting vacant positions.
- **Upgrading of the production site** : GMP upgrading, renovation of buildings.
- **Operational Action** : Reinitiating the contact with the historical clients of the site, keep strong relations with the historical customers of the Saint Genis Laval site and bring new customers.
- **Transfer of Benta portfolio** to our site in Saint Genis Laval and considered as a new strategic client of the site.
- **Creation of an Industrial Park** acting as an incubator & accelerator for health care new projects.

Health Industrial Park / Incubator & Accelerator

Benta will create an Innovative and Industrial healthcare related projects for:

- **Innovation Projects**
- **Healthcare Industrial Startups**

Through its site in Saint Genis Laval, Benta & Famar Lyon will provide the necessary service needed for Industrial Startups through a network of mentors and expert personnel and the fundamental administrative services such as *(Supply chain, Regulatory, Legal , Financial , IT, Security, HSE, administrative etc)*.

This Industrial Park will be unique in its services and with the collaboration of **Lyonbiopôle** and other national and regional institutions and will create an added value to the Healthcare Development Ecosystem available in the region to bring more Innovation and Entrepreneurial projects to the French and International market.
